### WHY ARE WE GOING TO COP29?

At **COP29**, the Climate Education Coalition is committed to advocating for the inclusion of **climate change** curricula in high schools nationwide. We are heading to **COP29** to meet with policymakers, emphasizing the importance of integrating climate education as a key component of **Nationally Determined Contributions** (NDCs). By empowering the next generation with climate knowledge, we aim to ensure the effective implementation of **NDCs** and foster environmental responsibility. At **COP29**, we will raise our voices to push for transformative educational policies that build a more **sustainable future**.
